

DEPARTMENT OF THE AIR FORCE
HEADQUARTERS AIR MOBILITY COMMAND

MAY 26 2010

HQ AMC/A3B
402 Scott Drive, Unit 3A1
Scott AFB IL 62225-5302

Mr. Fernando Lopez
Chief Executive Officer
Vertical de Aviacion, Ltda.
7311 NW 12th Street, Suite 22
Miami FL 33126

Dear Mr. Lopez

Thank you for meeting with the Department of Defense (DOD) Commercial Airlift Review Board (CARB) on 26 May 2010. The presentation gave the CARB a clear picture of the new management directives that were put into place to address our safety concerns as identified in our letter, dated 27 April 2010. As a result of actions taken by your company, the CARB has made the decision to continue Vertical de Aviacion, Ltda., as an approved air carrier within the DOD Air Transportation Program. We will continue to provide periodic safety oversight of your company and operations supporting U.S. DOD customers.

Again, thank you for your candor and especially the commitment made to the DOD. We look forward to continuing our relationship. If you have any questions, feel free to contact me or Mr. Matthew Berry at (618) 229-4801.

Sincerely

A handwritten signature in cursive script, reading "Merlin L. Lyman", is positioned above the typed name.

MERLIN L. LYMAN
Chief, DOD Commercial Airlift Division
